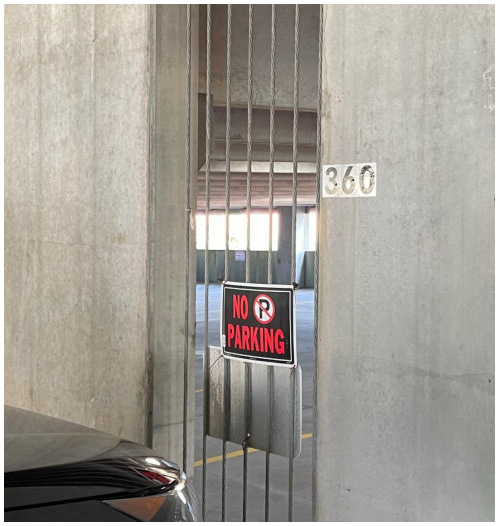
News & Updates

PARKING GARAGE UPDATE:

The Association Team is working to wrap up the Parking Garage cleaning and painting project. Beginning Monday, February 14th the ground floor of the parking garage will be closed for cleaning and restriping. Additionally, the 3rd floor loading and unloading will be closed to vehicular traffic for cleaning, restriping, and warranty repairs. There will be pedestrian access between the Parking Garage and Amenities Building. Both spaces will reopen by Thursday, February 17th.

OWNER ASSIGNED PARKING SIGNS:

Within the next two weeks, we will be adding a reflective red stripe along the wall of all assigned owner spaces. This will help Security direct guests entering the garage where not to park. Additionally, we are noticing that there are a mixture of signs, lettering, numbers, and even spray paint stencils being added to the spaces. Per the General Rules and Regulations for Majestic Beach Resort, only the approved 18"x12" sign with the Majestic logo is permitted for the assigned parking spaces. The approved signs can be purchased through Gulf Glo Banners & Signs, located at



8808 Front Beach Road. You can order ahead by calling (850)234-0952. The Association Maintenance Team will install the sign for you. Some owners prefer to identify their space by unit number or parking space number. If you prefer to do so, Gulf Glo can make a matching sign that will go directly below the 18"x12" sign. As maintenance is painting the red stripe, they will be removing all unapproved signage. Should you have any questions, please email pshamblin@rchospitalitysolutions.com.
