BEACH SERVICES LAYOUT:

Goin' to the Beach! Beach Services will begin operations on Tuesday, March 1st. We have changed up the layout of the services to provide space for both the beach service and personal chairs and umbrellas. You can download a copy of it by clicking the button below. We have additional signage coming provided for guests and owner convenience.

You will notice the beach layout has changed slightly from previous years. This was done for two reasons. First by putting a bulk of the

space for personal chairs and umbrellas in the center it makes it more convenient for guests in both Tower 1 and Tower 2. Secondly, our guests and owners will not have to fight for space with neighboring properties, especially on the west end of our beach neighboring Gulf Highlands.
